

## Infrastructure Engineer 4-5 years of experience on the job

Department: Infrastructure

Job level: Middle/Senior (min 4-5 years of experience on the job)

### The ideal candidate

If you are interested in growing - both technically and professionally - we offer you an exciting opportunity to join a dynamic team, working with customers around the world, in a stimulating environment!

### Day to day work

Internal “freelancer”, working directly with external customers, willing to learn new technologies, participate in a variety of projects, as and when needed. Among the responsibilities (not limited to):

- Design/propose IT infrastructure solutions to various business needs
- Communicate and coordinate with external customers and internal teams
- Take ownership of IT projects and coordinate other users, business partners and support organizations
- Split technical work vs. project management/coordination: up to 75-25%
- Prepare technical documentation and solution design documents
- Infrastructure/applications deployment for external customers
- Advanced technical support for various technologies/solutions/services, as needed
- Participate in training sessions of new solutions/technologies, and subsequently train others internally or externally
- Participate in innovative/development projects
- Perform technical work as required and delegated by management

### Experience:

- Minimum of 2-3 years experience in server/infrastructure management (Microsoft environment)
- Experience with server virtualization
- Understanding of networking/networking fundamentals
- Knowledge of scripting (shell scripts, batch files, etc) is a major plus
- Experience with POS (Point of Sale) devices/infrastructure is a plus
- Technical certifications (Microsoft) is a plus

### Language skills:

- Very good English skills written and verbal (able to participate and communicate in meetings and teleconferences in English)

### **Special skills**

- Hands-on, practical character
- Can work independently but can also function effectively in a team
- Organized, energetic and patient
- Customer-facing skills
- Good communicator
- Willing to learn both technical and non-technical skills
- Willing to travel and work up to 20% of time off-site

### **What we offer:**

- Real possibility to make a difference in a dynamic company with an entrepreneurial spirit
- Access to courses and certifications depending on the need
- Real possibilities of promotion within the company
- Annual performance bonus
- Package of medical services supported by the company
- Transport from the office to the subway Pipera or Aurel Vlaicu, provided by the company
- Fitness room pass
- Relaxation room
